LEXINGTON – On Saturday, October 28, at the Winburn branch of Community Action, members of the community and the Northeast Lexington Initiative (NELI) began working on their community garden. The Youth Green Corps, a voluntary group of young people dedicated to the beautification and creation of community gardens in Lexington, officially began its work on October 17 with the creation of the Isaac Burns Murphy Memorial Botanical Garden at the intersection of Third Street and Winchester Road. The area now boasts a mural and an announcement that the garden is dedicated to the memory of the great African American jockey from the mid-19th century, Isaac Burns Murphy. For more information contact Jim Embry at (859) 312-7024.
